

# HISTORY & FOLKLORE

*From Illustrated Press of Liberty County, Thursday, May 10, 1962 –*

All the tenants but one are now at home in Dayton’s beautiful new downtown shopping center, the largest such center in Liberty County. Builder of the 17,500 square foot, six-unit complex was Bob Harris of Peoples Lumber & Supply Company. Now located in the new buildings and open for business are Western Auto, McGinty’s Pharmacy, Smith Jewelry, Cotton’s Barber Shop and Dr. J.C. Manning’s Dental Clinic. Only H.C. Remkes’ Peoples Cash Store remains to be occupied. It will be in operation very soon. The final section of the old buildings along the center’s Main Street property is being torn down – the former quarters of Western Auto.
